DAILY SENTINEL two ps called for is 42,500 men. They can be

easily raised without resorting to a draft. The war excitement absorbs all classes here. We have nothing but the hurry and bu-tle of active preparation to notice. Troops are constantly arriving and departing, army stores and ammunition are being freely shipped, but to keep the exact run of what is going on in detail would be a task to us, and would probably be uninteresting to our readers. It is sufficient to say that the first regiments are being sent off as fast as the paymasters can fork over the advance and the mustering officers the bounty, and transportation can be obtained. Two regiments were to leave last night, and others will follow in rapid succession.

Ice .- Mr. Joseph Butsch, one of the most enterprising ice dealers of the Northwest, has, as he instructs us to announce, an abundance of ice for home consumption, and also plenty for foreign trade. All orders from dealers abroad will be promptly filled. Mr. Butsch's residence is South street, No. 48, where all orders may be left. Communications through the Postoffice promptly attended to.

The quality of Mr. Butsch's ice is unequalled, and

from the quantity he has on hand, he can supply all customers at home and abroad. 15-dlm Captain Tilbery Reed brought in a company from Hendricks county for the 79th regiment on Saturday evening. The men are all farmers-owners and tillers of the soil, many of

them men of wealth and men of character and standing at home. This is the class that our volinteer force is largely composed of. Hendricks county, we learn, has furnished about fourteen hundred men for the war, and she has had but one USURPATIONS AND CORREPTIONS field officer, Lieut. Col. Burgess. We would suggest the name of Captain Reed for promotion to a regimet tal office, as one eminently worthy to receive such a favor.

OUR CANDIDATE FOR TREASURER .- By some unaccountable oversight, certainly not from any design, the name of Valentine Butsch, the Democratic nominee for County Treasurer, was omitted in our published proceedings of the County Convention yesterday. Mr. Butsch was the unanimous choice of the Convention, as he most unquestionably is of the conservative masses. The error was discovered in time to correct it in our weekly. In presenting the name of Mr. Gen. many thousand dollars; and of all the markets since the worst of last fall we have seen none in which were so many "blue" drovers as the sales of this week have produced. The offerings of this week were too large for dog-day weather, especially after the plethoric offerings of last week. This has contributed to

the losses of the week more, probably than any other cause. The best sales were made on Monday, which is as a general rule, the best day for sales of good cattle, but prices started at a decline and were sold at very low rates. Some very good steers bringing only \$7 per 100 lbs. The average rate showing a decline of fully 25c per 100 lbs. At the low prices the stock was all sold, but toward
